

IN THE CLAIMS

Please cancel claim 1 without prejudice or disclaimer and amend the claim 2 as follows:

1. (Canceled)
2. (Currently Amended) A method for receiving data from a wireless network, the method comprising:
 - receiving a plurality of network data packets from a wireless network;
 - determining if the plurality of network data packets include erroneous data, and if so correcting the erroneous data;
 - aggregating the plurality of network data packets into a single protocol data unit; and
 - providing the protocol data unit to a network layer.
